

## AFFILIATES

Disaster & Immediate Evacuation is right on target in its approach to "Ready Preparedness". D.I.E. has serviced businesses such as ATTELOIR Inc., MEDIA INNOVATION TECHNOLOGY Inc. and LIZMAR ENTERPRISES, LLC, all of which are located in Maryland. Also, D.I.E. has serviced the NYPD Traffic Enforcement Local 1182 Union. These entities have contracted and subcontracted to D.I. E. and continue to do so realizing that their employees are number one priority, proving again that purchasing a personal emergency kit is not only essential but a must, and should be taken in all seriousness.

### COMMUNITY OUTREACH

When it comes down to understanding the communities' needs, D.I.E. has put forth the effort for the community to get involved by introducing our new initiative: C.A.R.P. (Community Affiliate Registration Program). A way for the community to create residual income. See website for details.

# D.I.E.

D.I.E. welcomes you into the world of ready preparedness. Boat capsizes, hurricanes, tornados, plane crash in the polar region, lost campers, or major power outages, terror attack, building collapse or mudslide; all these disasters whether natural, super-natural or man-made, will all result in you creating an Emergency Action Plan (E.A.P.) and executing it. Don't take your planning for granted. Nothing beats a plan but a failure and those who "fail to plan, plan to fail." Don't let ignorance and negligence prevail, get prepared.

EVACUATION, LLC**

## EVACUATE

Evacuation is knowing where to go before you go. When leaving any area in a case of an emergency, one should have tools necessary in the event you can't come right back from whence you left. Through our literature, tapes, CD's, trainings, and workshops, we will show you how to pull off the "Great Escape."

Disasters strike in every endeavor of life. No one or nothing is absolved from its indiscriminate fury. Disaster hits and it doesn't care what color you are, your station in life, your belief, or your politics. And with it's selfish indignation, disasters will leave you with the physical, emotional, psychological and monetary bill.

Increase your chances of survival.  
Don't get caught off-guard.
